

## **INSTRUCTIONS FOR REMOVING ASBESTOS**

### IF OWNER TEARING DOWN STRUCTURE:

Dispose of asbestos properly by wetting down asbestos materials before removing. Contact Landfill for requirements for disposal of asbestos materials.

### IF OWNER HIRES CONTRATOR TO TEAR DOWN STRUCTURE:

Contractor must be a licensed asbestos abatement contractor and AAC-2 form needs to be submitted to DEQ prior to demolition permit being issued. Contact Raul J Viera with Pelican Environmental Services Inc. at 337-235-8130 for additional information.
